

Joint Declaration on War Crimes

It is time to change the way we speak about Covid and how we deal with it. Covid is a documented, proven US manufactured bioweapon and the Western mRNA “vaccines” are biowarfare agents. It is a war crime against all of humanity and should be dealt with and discussed as such. The numerous perpetrators and profiteers must be brought before the International Criminal Court (ICC) and when found guilty, hanged and disinherited of all their wealth, to compensate their billions of victims around the world.
